Personal Matters / Ex. 6

Subject: RE: CFAC letter

I do NOT support this letter as written!!! Making this into a Superfund site will affect property values (alum city majorly) and until ALL avenues with the state DEQ are exhausted please do not send this letter. Can someone tell me how Tester responded to Glencore on the letter that they sent him and did they have a meeting face to face??? This letter is over stepping FBC authority unless all member of FBC gave input into this letter. Thank you for your time, Phil Mitchell, Flathead County Commissioner.
